DETAILED ACTION

Claim Objections

Claims 3-5 are objected to under 37 1.75(a) for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 3, the limitation "wherein, at startup, a predetermined reference feed control amount is effected using a ratio between an address information acquired from said optical disk by moving said feed for a predetermined period and a predetermined reference address information, as a compensation value" is unclear.

Perhaps the applicant meant "wherein, at startup, said feed moves based on a predetermined reference control amount and said predetermined..."
